

Veri

2017 Autumn News

Hi, November has been a Veri busy month for us, here are a few highlights.

Huge News at Google HQ this month, we won Google's Adopt Programme!

The programme took place over 12 weeks our three google advisers worked with us on a one to one basis, with the target of launching our fully responsive mobile tutor app and dashboard. The result speak for themselves in terms of our win and also from the point of view of tutors feedback about how easy it now is to engage with VERI instead of filling all the forms!

Veri is now fully responsive and has great new features including:

Skills competencies can now be

- *assigned*
- *assessed and*
- *uploaded to QBS with the assessment techniques*

Venue checklist for health&safety purposes are available

Data Compliance sign off

Data can be analysed via Region or category.

Find out all about our analytics!
Join us on either Monday 11th December or
Wednesday 13th December to find out all
about our analytics and give you a tour of the
new version, [click here](#) to book your place.

The Websummit, 48 hours at the largest
Tech Conference in the world.

Our focus was on skills-based training and
digitalisation change management

Read more about our experience [here](#).

We recently met with Minister of State with
special responsibility for Data Protection on Friday,
Pat Breen for a round table discussion. Minister Breen
had great feedback on our product for data protection
and digitisation in the training sector, ready more
about our experience here

Lastly, we want to thank you

for your continued support and interest in Veri to date.

Insights and interest from innovative companies

help us to continue to develop and improve.
